

An Exclusive Product Range Awaits You Inside

SAMRUDDHI
AQUA

समृद्धी अक्वा हे तो विश्वास है।

// an exclusive water storage tanks awaits you inside

Hi-Tech
Blow Moulding & Roto Moulding
Technology

made from
100%
VIRGIN POLYMERS

ABOUT THE COMPANY

We, at Hira Plastic & Industries manufactures Blow Mould Water Storage Tanks and Roto Mould tank. All our products goes through the hands of expert professionals along the latest technology. These products conform to the defined parameters of the industry. We understand and appreciate the many challenges the users face regarding odour, hygiene and persistent. We will support those user to the best of our ability. And our unique product **Samruddhi Aqua**, water tank is made from pure virgin pulp to overcome challenges. So our customer's will experience superior quality at a fraction of cost. We measure ourselves not against our competitors but by our client's success.

3 Layer | BLOW MOULD

A WONDER OF TECHNOLOGICAL BREAKTHROUGH

Samruddhi Aqua Water storage tanks are well experienced with new technology and made from HDPE material.

Samruddhi Aqua Water storage tanks are specially designed with a smooth inner layer.

We manufactures water tanks of various capacities.

Made from vergin plastic material.

Available Colour

4 Layer | BLOW MOULD

**4 Layer Protection
Heat Reflection Coating**

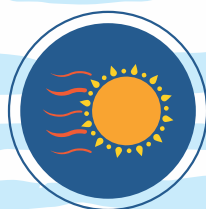

FEATURES

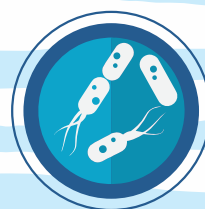

- ▶ Keep Water Cool
- ▶ Unbreakable
- ▶ Insect Proof Threaded Lid
- ▶ Safe For Drinking Water
- ▶ Hi-Tech Blow Moulding Technology
- ▶ 100% Food Grade Material Use
- ▶ UV Stabilised for Longer Life
- ▶ HDPE Material (High Strength)

**Cool
Temperature**

**UV / Heat
Protection**

**Bacteria
Free**

Size (Ltrs)	Diameter (mm)	Complete Height (mm)	Overflow Capacity (Ltrs)
300	720	860	325
500	850	1010	525
750	970	1155	775
1000	1060	1262	1025
1500	1225	1425	1525
2000	1340	1572	2025

*The actual sizes may be slightly vary

3 Layer | ROTO MOULD

OUR STRENGTHS ARE

- ▶ UV Rays Protection
- ▶ Safe Storage
- ▶ Modern Technology
- ▶ Easy to Install & Clean
- ▶ Strong & Durable
- ▶ Maintenance Free
- ▶ Totally Hygienic
- ▶ Leakproof & Rustproof
- ▶ Uniform Thickness

4 Layer | ROTO MOULD

- Coat 1 : To Reflective Heat
- Coat 2 : For UV Protection
- Coat 3 : Insulated Foam Layer
- Coat 4 : Clean View

**UV Stabilized Super Cool
4 Layer Foam Tank**

5 Layer | ROTO MOULD

EXTRA SUPER COOL 5 Layer WITH FOAM LAYER

6 Layer | ROTO MOULD

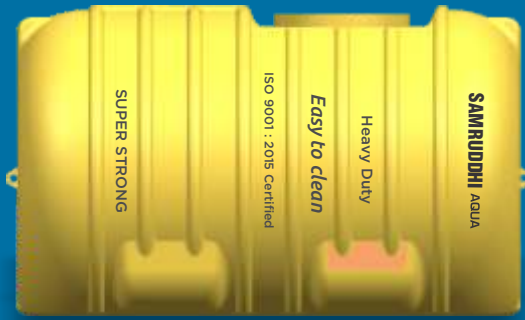

6 Layer

Size (Ltrs)	Diameter (mm)	Height (mm)
500	860	820
750	980	915
1000	1080	1030
1500	1200	1250
2000	1325	1395
3000	1475	1715
5000	1832	1850
10000	2232	2921

Heavy Duty | EASY CLEAN

Easy to transport, cleaning & water distribution

- ▶ Easy to Clean
- ▶ Keep Water Cool
- ▶ Safe for Drinking
- ▶ 100% Virgin
- ▶ Uniform Thickness
- ▶ Consistent Quality
- ▶ Hygienic
- ▶ Easy to Install

Size (Ltrs)	Diameter (mm)	Height (mm)	Length (mm)
500	810	700	1195
1000	990	975	1480

4 Layer | LOFT TANK

India's first four layer loft tank

- ▶ No Worries About Direct Sunlight

4 Layer

Size (Ltrs)	Length (mm)	Width (mm)	Hight (mm)
200	980	610	393
300	1200	750	400
500	1471	948	426
1000	1945	1260	500
